Date of CV: August 2021

# **Education**

2008	Ph.D.	University of Lausanne, Faculty of Business and Economics (HEC Lausanne), Actuarial Science
		(supervisor: Prof. Hans U. Gerber)
2005	Lic.	University of Lausanne, Faculty of Business and Economics (HEC Lausanne), Business, major in
		Actuarial Science
	CAS	Casualty Actuarial Society exams: 1, 2, 3F, 4, 5, C1, C2, S, VE, VF, COP
	SOA	Society of Actuaries associateship exams: 3 VEEs, P, FM, M (MLC & MFE), C, APC
		Society of Actuaries fellowship exams: GIINT, GIRR

## **Academic appointments**

2020 -	Professor of Actuarial Studies, Centre of Actuarial Studies, Department of Economics
	Faculty of Business and Economics, University of Melbourne, Australia
2017 - 2018	Chair, UNSW Business School 3+ Reference Group
	UNSW Australia Business School, University of New South Wales (UNSW), Australia
2015 - 2017	Associate Head of School, School of Risk and Actuarial Studies
	UNSW Australia Business School, University of New South Wales (UNSW), Australia
2015 – 2020	Associate Professor of Actuarial Studies, School of Risk and Actuarial Studies
	UNSW Australia Business School, University of New South Wales (UNSW), Australia
2015 – 2018	Professeur associé en actuariat <sup>1</sup> , Département de Mathématiques et de Statistique
	Faculté des Arts et des Sciences, Université de Montréal (UdeM), Canada
2013 – 2015	Professeur agrégé en actuariat <sup>2</sup> , Département de Mathématiques et de Statistique
	Faculté des Arts et des Sciences, Université de Montréal (UdeM), Canada
2013 – 2015	Adjunct Associate Professor, School of Risk and Actuarial Studies
	UNSW Australia Business School <sup>3</sup> , University of New South Wales (UNSW), Australia
2010 – 2013	Senior Lecturer of Actuarial Studies, School of Risk and Actuarial Studies
	Australian School of Business, University of New South Wales, Australia
2008 – 2010	Lecturer of Actuarial Studies, School of Actuarial Studies
	Australian School of Business, University of New South Wales, Australia
2005 – 2008	Various casual lecturer positions, University of Lausanne & Bordeaux Business School
2003 – 2008	Teaching and Research assistant, University of Lausanne

## Referees

Available upon request.

<sup>&</sup>lt;sup>1</sup>'Adjunct Professor' of Actuarial Science

<sup>&</sup>lt;sup>2</sup> 'Associate Professor' of Actuarial Science

<sup>&</sup>lt;sup>3</sup>Formerly 'Australian School of Business'

#### RESEARCH

Insurance capital modelling (reserving, solvency, dependence), risk theory (optimal control of actuarial surplus models), modelling and statistical analysis of big data, robust estimation, social security and pensions, risk modelling in operations management.

## Major awards

2018 Taylor Fry General Insurance Seminar Silver Prize, awarded by an independent panel for the

paper How to proxy the unmodellable: Analysing granular insurance claims in the presence of unobservable or complex drivers (Australian Actuaries Institute General Insurance Seminar, November

2018)

2017 **Hachemeister Prize**, awarded by the Casualty Actuarial Society (CAS) for the paper *Correlations* between insurance lines of business: An illusion or a real phenomenon? Some methodological

considerations (2016, ASTIN Bulletin, 46:2)

#### **Publications**

Metrics (as of August 2021)

Google Scholar: 1068 citations, h-index of 17 (since 2016: 675 citations, h-index of 14)

Scopus profile: 559 citations, h-index of 10

ResearchGate: RG Score of 23.54 (80 %ile), Research Interest of 496.0 (87 %ile), h-index of 14 (12 when self-citations

are excluded)

Submitted journal articles

2021 1. Al-Mudafer, M. T., Avanzi, B., Taylor, G., Wong, B.

Stochastic loss reserving with mixture density neural networks

Submitted

## Peer-reviewed journal articles

Accepted manuscripts can be downloaded for free from here (2008-2019) and here (2017-) in accordance with the journals' copyright regulations.

2021 2. Avanzi, B., Taylor, G., Wang, M., Wong, B.

SynthETIC: an individual insurance claim simulator with feature control

[Q1,A\*]<sup>4</sup> Insurance: Mathematics and Economics, Vol. 100, pp. 296–308

2021 3. **Avanzi, B.**, Lau, H.., Wong, B.

On the optimality of joint periodic and extraordinary dividend strategies

[Q1,A\*] European Journal of Operational Research, in press

2021 4. Avanzi, B., Boglioni Beaulieu, G, Lafaye de Micheaux, P., Wong, B.

A Counterexample to the Central Limit Theorem for Pairwise Independent Random Variables Having a Common Absolutely Continuous Arbitrary Margin

[Q1,n/a] Journal of Mathematical Analysis and Applications, Vol. 499, Issue 1, 124982

2021 5. **Avanzi, B.**, Taylor, G., Wong, B., Yang, X.

On the modelling of multivariate counts with Cox processes and dependent shot noise intensities

[Q1,A\*] <u>Insurance: Mathematics and Economics</u>, Vol. 99, pp. 9–24

2021 6. **Avanzi, B.**, Lau, H.., Wong, B.

Optimal Periodic Dividend Strategies for Spectrally Negative Lévy Risk Processes With Fixed Transaction Costs

[Q1,A] Scandinavian Actuarial Journal, in press

2021 7. **Avanzi, B.**, Taylor, B., Wong, B., Xian, A.

Modelling and understanding count processes through a Markov-modulated non-homogeneous Poisson process framework

[Q1,A\*] European Journal of Operational Research, Vol. 290, Issue 1, pp. 177–195

<sup>&</sup>lt;sup>4</sup>[Quartile according to Scimago 2020, Journal rank according to the latest ABDC 2019 list]

Avanzi, B., Taylor, B., Vu, P. A., Wong, B.
 On Unbalanced Data and Common Shock Models in Stochastic Loss Reserving
 [Q3,A] Annals of Actuarial Science, Vol. 15, Issue 1, pp. 173–203

2020 9. **Avanzi, B.**, Lau, H.., Wong, B.

Optimal Periodic Dividend Strategies for Spectrally Positive Lévy Risk Processes With Fixed Transaction Costs

[Q1,A\*] Insurance: Mathematics and Economics, Vol. 93, pp. 315-332

2020 10. Avanzi, B., Taylor, B., Vu P. A., Wong, B.

A Multivariate Evolutionary Generalised Linear Model Framework with Adaptive Estimation for Claims Reserving

[Q1,A\*] Insurance: Mathematics and Economics, Vol. 93, pp. 50-71

2018 11. Avanzi, B., Taylor, B., Wong, B.

Common shock models for claim arrays

[Q1,A] ASTIN Bulletin, Vol. 48, Issue 3, pp. 1109-1136

2018 12. Avanzi, B., Tu, V., Wong, B.

Optimal Dividends Under Erlang(2) Inter-Dividend Decision Times

[Q1,A\*] Insurance: Mathematics and Economics, Vol. 79, pp. 225-242

2018 13. Avanzi, B., Henriksen, L. F. B., Wong, B.

On the distribution of the excedents of funds with assets and liabilities in presence of solvency and recovery requirements

[Q1,A] <u>ASTIN Bulletin</u>, Vol. 48, Issue 2, pp. 647–672.

2017 14. Avanzi, B., Pérez, J.-L., Wong, B., Yamazaki, K.

On optimal joint reflective and refractive dividend strategies in spectrally positive Lévy models [Q1,A\*] Insurance: Mathematics and Economics, Vol. 72, pp. 148–162.

2016 15. **Avanzi, B.**, Taylor, G., Vu, P. A., Wong, B.

Stochastic Loss Reserving with Dependence: A Flexible Multivariate Tweedie Approach

[Q1,A\*] Insurance: Mathematics and Economics, Vol. 71, pp. 63–78.

2016 16. Avanzi, B., Tu, V., Wong, B.

On the interface between optimal periodic and continuous dividend strategies in the presence of transaction costs

[Q1,A] ASTIN Bulletin, Vol. 46, Issue 3, pp. 709-746.

2016 17. Avanzi, B., Wong, B., Yang, X.

A micro-level claim count model with overdispersion and reporting delays

[Q1,A\*] Insurance: Mathematics and Economics, Vol. 71, pp. 1–14.

2016 18. Avanzi, B., Taylor, G., Wong, B.

Correlations between insurance lines of business: An illusion or a real phenomenon? Some methodological considerations

[Q1,A] ASTIN Bulletin, Vol. 46, Issue 2, pp. 225–263.

2016 19. **Avanzi, B.**, Tao, J., Wong, B., Yang, X.

Capturing Non-Exchangeable Dependence in Multivariate Loss Processes with Nested Archimedean Lévy Copulas

[Q3,A] Annals of Actuarial Science, Vol. 10, Issue 01, pp. 87–117.

2016 20. Avanzi, B., Tu, V., Wong, B.

A note on realistic dividends in actuarial surplus models

[Q3,B] Risks, Vol. 4, Issue 4, Number 37

2014 21. Avanzi, B., Tu, V., Wong, B.

On optimal periodic dividend strategies in the dual model with diffusion

[Q1,A\*] Insurance: Mathematics and Economics, Vol. 55, pp. 210–224.

2014 22. de Treville, S., Schürhoff, N., Trigeorgis, L., Avanzi, B.

Optimal Sourcing and Lead-Time Reduction under Evolutionary Demand Risk

[Q1,A\*,FT50] Production and Operations Management, Vol. 23, Issue 12, pp. 2103–2117.

2014 23. Avanzi, B., Purcal, S.

Annuitisation and cross-subsidies in a two-tiered retirement saving system

[Q3,A] Annals of Actuarial Science, Vol. 8, Part 2, pp. 234–252.

2013 24. **Avanzi, B.**, Cheung, E. C. K., Wong, B., Woo, J. K.

Australian School of Business Research Grant, AUD 25,000 Optimal dividend problems in surplus models with stochastic firm prospects  2010 – 2011 Chief Investigator (with Bernard Wong) Australian Actuarial Research Grant, Institute of Actuaries of Australia, AUD 20,000 On the economic value of aggregating dependent portfolios  2009 – 2009 Chief Investigator (with John Evans) UNSW 2009 International Research Collaboration Scheme, AUD 7,250 Cross-country study of social security and superannuation systems in Australia, Switzerland, and the Philippines  2009 – 2009 Chief Investigator, Australian School of Business Research Grant, AUD 18,000 Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding		
Optimal dividend problems in surplus models with stochastic firm prospects  Chief Investigator (with Bernard Wong)  Australian Actuarial Research Grant, Institute of Actuaries of Australia, AUD 20,000  On the economic value of aggregating dependent portfolios  Chief Investigator (with John Evans)  UNSW 2009 International Research Collaboration Scheme, AUD 7,250  Cross-country study of social security and superannuation systems in Australia, Switzerland, and the Philippines  Chief Investigator, Australian School of Business Research Grant, AUD 18,000  Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding	2011 – 2011	
2010 – 2011 Chief Investigator (with Bernard Wong) Australian Actuarial Research Grant, Institute of Actuaries of Australia, AUD 20,000 On the economic value of aggregating dependent portfolios  2009 – 2009 Chief Investigator (with John Evans) UNSW 2009 International Research Collaboration Scheme, AUD 7,250 Cross-country study of social security and superannuation systems in Australia, Switzerland, and the Philippines  2009 – 2009 Chief Investigator, Australian School of Business Research Grant, AUD 18,000 Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding		
Australian Actuarial Research Grant, Institute of Actuaries of Australia, AUD 20,000 On the economic value of aggregating dependent portfolios  2009 – 2009 Chief Investigator (with John Evans) UNSW 2009 International Research Collaboration Scheme, AUD 7,250 Cross-country study of social security and superannuation systems in Australia, Switzerland, and the Philippines  2009 – 2009 Chief Investigator, Australian School of Business Research Grant, AUD 18,000 Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding	2010 2011	
On the economic value of aggregating dependent portfolios  2009 – 2009 Chief Investigator (with John Evans) UNSW 2009 International Research Collaboration Scheme, AUD 7,250 Cross-country study of social security and superannuation systems in Australia, Switzerland, and the Philippines  2009 – 2009 Chief Investigator, Australian School of Business Research Grant, AUD 18,000 Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding	2010 – 2011	
2009 – 2009 Chief Investigator (with John Evans) UNSW 2009 International Research Collaboration Scheme, AUD 7,250 Cross-country study of social security and superannuation systems in Australia, Switzerland, and the Philippines 2009 – 2009 Chief Investigator, Australian School of Business Research Grant, AUD 18,000 Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding		
UNSW 2009 International Research Collaboration Scheme, AUD 7,250  Cross-country study of social security and superannuation systems in Australia, Switzerland, and the Philippines  2009 – 2009 Chief Investigator, Australian School of Business Research Grant, AUD 18,000  Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding	2009 - 2009	
Philippines  2009 – 2009 Chief Investigator, Australian School of Business Research Grant, AUD 18,000  Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding		
2009 – 2009 Chief Investigator, Australian School of Business Research Grant, AUD 18,000 Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding		
Mathematical modelling of the capital of risk businesses with dividend pay-outs  Other Funding		• •
Other Funding	2009 – 2009	
•		iviatnematical modelling of the capital of risk businesses with dividend pay-outs
•	Other Funding	
2010 – 2010 Network leader, School of Risk and Actuarial Studies "Insurance Risk and Capital" network, seed	2016 – 2016	Network leader, School of Risk and Actuarial Studies "Insurance Risk and Capital" network, seed

funding of AUD 5,000.

# Supervision

PhD	students	supervision
טוו ו	Students	Super vision

2021 –	Lorenzo Marchi (University of Melbourne and KU Leuven - joint PhD, joint supervisor) In progress
2021 –	Athibav Chaudhry (University of Melbourne and KU Leuven - joint PhD, co-supervisor) In progress
2019 –	Yunshen Yang (UNSW Scientia Scholar, co-supervisor) In progress
2017 –	Guillaume Boglioni-Beaulieu (UNSW with UIPA and Canadian scholarships, joint supervisor)
	In progress  Now Associate Lecturer at UNSW, Sydney, Australia.
2016 –	Alan Xian (UNSW with APA, joint supervisor) In progress
	Now Lecturer at Macquarie University, Sydney, Australia.
2016 – 2020	Ka Wai (Hayden) Lau (UNSW with UIPA, joint supervisor)  Now at Insurance Australia Group (IAG), Sydney.
2014 – 2019	Phuong Anh Vu (UdeM and UNSW with APA - joint PhD, joint supervisor) Awarded at UNSW, Awarded at UdeM (with "exceptional" performance)
2013 – 2017	Now Consultant at Taylor Fry Consulting, Sydney.  Xinda Yang (UNSW with UIPA, joint supervisor)
2013 – 2017	Now Pricing Specialist at Insurance Australia Group (IAG), Sydney. Vincent Tu (UNSW with APA, joint supervisor) Now at Taylor Fry Consulting, Sydney.

# MPhil students supervision

2015 – 2016	Guillaume Boglioni-Beaulieu, with "exceptional" performance (UdeM, joint superv.)
	Now Associate Lecturer at UNSW, Sydney, Australia.
2014 - 2015	Gwendal Combot, with "excellent" performance (UdeM, main supervisor)
	Quantitative Finance (M2) graduate from École polytechnique, France.

# Masters' Essay students supervision

2020 – 2021 Xingyun (Claire) Tan (ACTL90012, University of Melbourne, main supervisor) Honours Class 1

# Honours students supervision

2021	Jim (Yanfeng) Li (UNSW, co-supervisor)
	in progress
2021	David Yu (UNSW, co-supervisor)
	in progress
2020	Muhammed Al-Mudafer, Honours Class 1 (UNSW, co-supervisor)
	Now at Insurance Australia Group (IAG), Sydney.
2016	Mark Lavender, Honours Class 1 and the University Medal (UNSW, joint supervisor)
	Now Investment Banking Analyst at Allier Capital, Sydney.
2015	Alan Xian, Honours Class 1 and the University Medal (UNSW, joint supervisor)
	Now Lecturer at Macquarie University, Sydney, Australia.
2014	Clement Yeung, Honours Class 2:1 (UNSW, co-supervisor)
	Now Data Scientist at Loan Market, Sydney.
2013	Phuong Anh Vu, Honours Class 1 (UNSW, joint supervisor)
	PhD UNSW and Université de Montréal.
	Now Consultant at Taylor Fry Consulting, Sydney.
2012	Chung-Yu Liu, Honours Class 1 (UNSW, joint supervisor)
	Now Pricing Specialist at Insurance Australia Group (IAG), Sydney.

2012	Vincent Tu, Honours Class 1 (UNSW, joint supervisor)
	PhD UNSW; Now at Taylor Fry Consulting, Sydney.
2011	Jamie Tao, Honours Class 1 (UNSW, joint supervisor)
	Now Head of Balance Sheet Management, Treasury, at CLSA, Hong Kong.
2011	Timothy Yip, Honours Class 1 (UNSW, joint supervisor)
	FIAA, Now Director at Taylor Fry Consulting, Sydney.
2010	Luke Cassar, Honours Class 1 (UNSW, joint supervisor)
	FIAA, Now Senior Consultant at Finity Consulting, Sydney.
2010	Jonathan Shen, Honours Class 1 and the University Medal (UNSW, joint supervisor)
	FIAA, Now Principal Consultant at Suncorp, Sydney.

#### Referee and review activities

#### Editorial duties

2018 – ASTIN Bulletin, Editor

2018 – 2021 Insurance: Mathematics and Economics, Associate Editor

2018 – 2018 ASTIN Bulletin, Member of the Editorial Board

2016 – Risks, Member of the Editorial Board

2010	Nov.	Department of Insurance and Risk Management, The Wharton School, UPENN (U.S.A.)
2010	Nov.	Institute of Insurance Economics, University of St. Gallen (Switzerland)
2010	June	Department of Management, University of Lausanne (Switzerland)
2009	Dec.	School of Actuarial Studies, Université Laval (Québec City, Canada)
2009	Dec.	Department of Mathematics and Statistics, Université de Montréal (Canada)
2009	Dec.	Department of Statistics and Actuarial Science, University of Waterloo (Canada)
2009	June	Department of Actuarial Science, University of Lausanne (Switzerland)

### **Presentations**

Conference Presentations (invited speaker)

2019	Sep.	Stochastic dependence and general insurance capital: from data to models  Plenary Speaker at 6 <sup>th</sup> Workshop on "Recent developments in dependence modelling with applications in
		finance and insurance" (Agistri, Greece)
2018	Nov	Modelling insurance claim counts and reporting delays with Cox processes
2010	1404.	Research School of Finance, Actuarial Studies and Statistics – 2018 Summer Camp. (Bowral, Australia)
2017	Dec	Modelling insurance claim counts and reporting delays with Cox processes

017 Dec. Modelling insurance claim counts and reporting delays with Cox processes
UNSW-MacquarieU Workshop on Risk: Modelling, optimization and inference (Sydney, Australia)

2017 Nov. Correlations between lines of business - Are they real or illusionary? CAS 2017 Annual Meeting (Anaheim, CA, USA)

2014 July On optimal periodic dividend strategies in the dual model with diffusion Gerber-Shiu Workshop, University of Hong Kong (Hong Kong)

2011 Nov. Modelling Dependence in Insurance Claims Processes with Lévy Copulas
Advances in Financial Risk Workshop, Macquarie University (Sydney, Australia)

2010 Dec. Claim dependence modelling with Lévy copulas
International Conference in Applied Statistics and Financial Mathematics (Hong Kong)

# Conference Presentations (peer-reviewed submissions)

2021 May Neural Networks in Reserving: how and why are they worth considering?
2021 All-Actuaries Virtual Summit: Thriving in an Age of Extremes (Australia)
(joint with M. Al-Mudafer, Greg Taylor, and Bernard Wong)

2019 Nov. When (not) to use abstract dependence structures: theoretical and practical considerations 10th Australasian Actuarial Education and Research Symposium (Melbourne, Australia)

2019 July Inference of counts using Markov-modulated non-homogeneous Poisson processes
23rd International Congress on Insurance: Mathematics and Economics (Munich, Germany)

2019 Apr A tractable method for unravelling and modelling unobservable or complex dependence drivers (with granular data)

IAA Section Colloquium 2019 (Cape Town, South Africa)

2018	June	Hybrid strategies in the presence of fixed transaction costs 10th Conference in Actuarial Science & Finance on Samos (Samos, Greece)
2017	July	Optimal Dividends Under Erlang(2) Inter-Dividend Decision Times 21st International Congress on Insurance: Mathematics and Economics (Vienna, Austria))

2005 S1 Mathematics of Lead Time (MAS, Bordeaux Business School)

# Masters project supervision (ACTL5004)

2016 Ka Wai (Hayden) Lau (UNSW)

Now PhD student at UNSW.

# Summer Research Scholarships

2019-2020	Melantha (Chenyi) Wang (UNSW)
2019-2020	Simon (Wanzhang) Jing (UNSW)
2018-2019	Wilson Cheng (UNSW)
2016-2017	Guanting Liu (UNSW)
2016-2017	Edward Djizmedjian (UNSW)

### INTERNAL ENGAGEMENT AND LEADERSHIP

### **Awards**

The Dean's Distinguished Leadership Award, in recognition of exceptional and sustained contributions to the achievement of the goals of the UNSW School of Business and Strategy 2025.

This award may be given to an individual member of staff who, over a sustained period, has provided meritorious and distinguished leadership that has significantly exceeded the scope and commitment of usual expectations in achieving Business School goals.

## Academic engagement and leadership

2021 – 2022	Elected Member, Teaching and Learning Quality Assurance Committee (TALQAC), The University
	of Melbourne

	Appeals committee member (2020: 1)
2019 - 2019	Elected member, Faculty Board, UNSW Business School, UNSW
	(representing the Faculty Academic Staff)
2019 - 2019	Member, School of Risk and Actuarial Studies Research Committee, UNSW
2017 - 2018	Chair, UNSW Business School 3+ Reference Group
2017 - 2018	Member, UNSW 3+ Transition Advisory Group
2017 – 2018	Member, UNSW 3+ Engagement Reference Group
2017 – 2018	Elected member, Faculty Board, UNSW Business School, UNSW
	(representing the School of Risk and Actuarial Studies)
2016 – 2017	Chair, Alternative Delivery Modes Committee, School of Risk and Actuarial Studies, UNSW
2015 – 2017	Associate Head of School, School of Risk and Actuarial Studies, UNSW
2015 – 2017	Chair, Learning & Teaching Committee, School of Risk and Actuarial Studies, UNSW
2015 – 2017	Member, Faculty Education Committee, UNSW Business School, UNSW
2015 – 2017	Member, School Industry Advisory Board, School of Risk and Actuarial Studies, UNSW
2017 – 2017	Member, Education Focussed roles selection committee, UNSW Business School
2015 – 2016	Member, Faculty Board, UNSW Business School, UNSW
2014 – 2015	Chair, website committee, Departement of Mathematics and Statistics, UdeM
2014 – 2015	Member, 'internationalisation' committee, Departement of Mathematics and Statistics, UdeM
2012 – 2013	Elected chair of the School Plenum, School of Risk and Actuarial Studies, UNSW
2012 – 2013	Elected member of the School Advisory Board, School of Risk and Actuarial Studies, UNSW
2012 – 2013	Postgraduate Research Coordinator, School of Risk and Actuarial Studies, UNSW
2012 – 2013	Honours Coordinator, School of Risk and Actuarial Studies, UNSW
2012 – 2013	Member, Australian School of Business Promotions Committee for Promotion to Senior Lecturer,
2000 2012	UNSW
2009 – 2012	Academic representative, Australian School of Business E-learning Committee, UNSW
2009 – 2012	Director, Actuarial Studies Co-op Program of the UNSW Member, ASB Linkage Grant Working Party, UNSW
2011 – 2011 2010 – 2010	Member, ASB Linkage Grant Working Farty, UNSW Member, Australian School of Business Standing Committee, UNSW
2010 - 2010	Elected member, Commission of the University of Lausanne Personnel (official legal representative
2007 — 2000	of all (administrative and academic) staff employed by the university)
2006 – 2008	Elected member, Faculty Council, Faculty of Business and Economics of the University of Lausanne
2006 – 2008	Treasurer, Association du Corps Intermédiaire et des Doctorants de l'Université de Lausanne (official
2000 2000	representative of the regular (teaching and research) staff that is below the professor level)
2006 – 2008	Member, Committee Enseignement (teaching) of the University of Lausanne
2006 – 2008	Member, Committee Enseignement (teaching) of the University of Lausanne
2000 2000	Member, committee recording of the onlyersity of Lausanne

## **Teaching leadership**

## Seminars and presentations

2020 (14 September) Panelist, WCLA Symposium: Adapting to Radical Disruptions in Business Education 2018 (February) Digital Uplift interview, Business Digital Learning (UNSW Business School, UNSW).

2017 (October, 18) ACTL1101 Digital Uplift, School of Risk and Actuarial Studies Digital Uplift Planning (UNSW Business School, UNSW).

- 2016 (February, 25) Assessment Good Practice, School of Risk and Actuarial Studies Learning & Teaching Workshop (UNSW Business School, UNSW).
- 2015 (November, 3) Spotlight on Program Learning Goals in the School of Risk and Actuarial, UNSW Business School Academic's eLearning Showcase & Workshop (UNSW Business School, UNSW).
- 2014 (December, 5) Seminar on the flipped classroom to the FOLIUM team (teaching support) of the University of Montreal as well as some flipped classroom pilot project leaders, University of Montréal, Canada
- 2014 (October, 1) Seminar on how and when to use technology (in particular, tablet PCs and recorded videos) for teaching technical subjects, made to interested members of the Department of Mathematics and Statistics, University of Montréal, Canada
- 2014 (September, 8) Brief presentation on how and when to use technology (in particular, tablet PCs and recorded videos) for teaching technical subjects, made to the Department Assembly, Department of Mathematics and Statistics, University of Montréal, Canada
- 2014 (May, 23) Presentation on how and when to use technology (in particular, tablet PCs and recorded videos) for teaching technical subjects, made to the steering committee of the project *Mathéma-TIC*, Montréal, Canada
- 2013 (August, 16) Member, Large Class Teaching Panel, Fundamentals of University Learning and Teaching (FULT), Learning & Teaching @ UNSW
- 2012 (June, 21) Member, Large Class Teaching Panel, Fundamentals of University Learning and Teaching (FULT), Learning & Teaching @ UNSW
- 2012 (April, 3) Low-tech high-impact teaching strategies for large classes, Connections in Learning and Teaching (Learning & Teaching @ UNSW)
- 2011 (November, 8) *Using videos in teaching: when and how?*, ASB Academics' Showcase of Technology in Teaching (ASB, UNSW)
- 2011 (February, 17) Member, Large Class Teaching Panel, Fundamentals of University Learning and Teaching (FULT), Learning & Teaching @ UNSW
- 2010 (March, 1) Australian School of Business Strategic Retreat, invited for the eLearning component
- 2010 (August, 26) Member, Large Class Teaching Panel, Fundamentals of University Learning and Teaching (FULT), Learning & Teaching @ UNSW
- 2009 (November, 19) Member, Large Class Teaching Panel, Fundamentals of University Learning and Teaching (FULT), Learning & Teaching @ UNSW
- 2009 (November, 18) Recorded interview by Colina Mason (Learning & Teaching @ UNSW) for the sessional staff gateway resource
- 2009 (August, 28) School of Accounting seminar (UNSW), Digital Tablets and Screen Recording
- 2009 (July, 8) ASB Workshop (UNSW), Digital Tablets and Screen Recording

#### Other

2016 S1 FULT peer observation participant: interested FULT participants can come and observe in my lectures, as well as access the course website.

## Other

### Formal Mentorship/Coaching

2020 - 2020	University of Melbourne level C
2019 - 2019	UNSW Business School PhD Fellow mentor
2017 - 2017	Mentor to 1 UNSW Scientia Scholar
2016 - 2016	Mentor to 1 UNSW Scientia Scholar
2015 - 2016	Mentor to 1 ECR academic from UNSW Business School

## **EXTERNAL ENGAGEMENT AND LEADERSHIP**

# Professional appointments (selected)

2018 - 2010	Non Executive Director, Lycee Condorcet the International French School of Sydney
2014 - 2015	Actuarial consulting, Service de consultation en actuariat (Université de Montréal)
2008 - 2012	Non Executive Director, Fondation Comoedia, Switzerland (group insurance)
2007 - 2008	Founder, Executive Director, Fondation Comoedia, Switzerland (group insurance)
2006 - 2008	Executive Director, Chair, Fondation de prévoyance Artes et Comoedia, Switzerland (pension fund,
	200 employers, 2000 insured)
2004 - 2004	Internship and then consultant, La Suisse Assurances (actuarial department for group life), Lausanne,
	Switzerland
2003 - 2003	Internship, Nestec S.A. (Globe Project, Change management), Vevey, Switzerland
2001 - 2003	Teaching activities in Swiss public schools (mathematics, French, economics, law, accounting, IT)
	2007 - 2008 2006 - 2008 2004 - 2004 2003 - 2003

### Professional affiliations

2018 –	Member, Australian Institute of Company Directors (AICD)
2014 -	Academic Member, Casualty Actuarial Society (CAS)
2008 –	Affiliate member, Actuaries Institute of Australia <sup>5</sup>
2007 –	Member, Swiss Association of Actuaries (full member of IAA)
2009 –	Member, Actuarial Studies in Non-Life Insurance section of IAA (ASTIN)
2008 –	Member, American Risk and Insurance Association (ARIA)
2008 - 2011	Member, Asia-Pacific Risk and Insurance Association (APRIA)

### **Professional service**

2014 -	Member, CAS Academic Central
2009 - 2016	Member, Hachemeister and Michelbacher prizes committee (CAS)
2014 - 2016	Member, Data and Technology Working Party (CAS)
